MOTIONPRO!

Motion Analysis Software for All Sports

Special Pricing only for members of the Ohio H.S. Bowling Coaches Association!

Motion Pro! Is the ideal swing and motion analysis software for bowlers and coaches. ***Motion Pro!*** has been used by instructors around the world to measure and improve performance. Now, professionals and amateurs alike can perform powerful video analysis.

Powerful and easy-to-use, this software when loaded on your computer (supports Windows XP, Vista & Mac) works with any camcorder and any standard video format. This *Advanced Edition* comes with free technical support, free updates, and 2 licenses for loading on 2 computers. With the ***Motion Pro!*** Advanced Edition, you can….

1. Draw on live video.
2. Calculate RPM and ball speed.
3. Control video speed and playback.
4. Overlay 2 videos.
5. Save/E-mail still shots and videos.
6. Record from 2 cameras simultaneously.
7. Display side by side comparisons.
8. Use drawing tools, grid, and angle measurements.
